## Chairmans Comments

Chairman's Message for AGM 2006.

I believe we have had another successful year , albeit very similar in format to our previous years . I must not be so presumptuous as to suppose I will be entrusted to carry on as your chairman!!!!

However should that be the case I would like us to use the AGM as an opportunity to review how we as a club carry on into the future. I know there is no point in change for change sake, but equally it is appropriate to give some thought to how we do things and use the occasion of the AGM to give any new ideas an airing-----thinking caps on then .

As for the last year I must obviously say a huge thank you to your hard working committee who carry out their duties enthusiastically and for all our benefits and also to everyone who works in any way for the benefit of the club at outside events and at our Club meeting days. Many hands make light work.

So , Thank You. I will probably repeat myself at our AGM but I wished to record it here for the benefit of those who can't make 29th..... Thank you , Brian .

## AGM Agenda

1. Welcome by committee
2. Apologies
3. Approval of last years minutes (Feb Newsletter)

## School Christmas Fair

This was the first event with the new headmaster and went very well. He is a young enthusiastic chap who is very 'hands on'. He spoke to every one of us on the stand and seems enthusiastic to keep us at the school.

## Christmas Party

This went very well with lots of friendly chat. We welcomed a couple of interested people to the club as well.

As usual the re were a few things left so there will be a raffle at the AGM to dispose of these unwanted presents and some demo pieces which were left with us last year.
