Dear *Joe*

"NEWS AND VIEWS".
=====

With another well attended Annual General Meeting under our belts, (39 members attended) we can look forward with anticipation to an entertaining 1998. Much work has already been done to bring something of interest to everyone at some time during the year.

For those who were unable to attend the A.G.M. here is a list of officers of the committee, who I know will pull out all the stops to serve you, our members, in the way that you have come to expect:- Chair/Secretary - Graham Lovett, Treasurer - Phil Stevenson, Events Co-Ordinator - Dave Wood, General Committee - Alix Hood, Geoff Newman, and Don Moore. Brian Chamberlain will continue as our Video and Book Librarian.

Enclosed with this letter is a "Programme for '98" for members who were not with us at the A.G.M. and also new membership cards for those members who have not received them, either personally or through the post. If by any chance there is anyone who has not had their new card yet, please give me a call and I will try and sort it out.

Once again this year we are hoping to have a "turned theme or project" for our meetings, where each member is invited to turn a pre-determined item or items and which we ask is donated to the Branch for their stall at the School Fayre in May.

The theme for our next meeting is to turn THREE BUD VASES. Any design, timber and finish. Give it a go and lets see if we can better last year's efforts!!

And when is our next meeting I hear you say.....

Sunday 8th March, 1998.....Sunday 8th March, 1998.....
+++++

This is our first all day Mini Seminar when Stuart BATTY has been booked to open our "Mini-Seminar season". Enclosed you will find a Booking Form for the event. Note that your booking will be made with Phil Stevenson, our new Treasurer.

If you are not able (or wish) to devote a day to this particular meeting, and would like to take part in the "theme", then please feel free to bring or send your BUD VASES to me.

All members attending are also invited to bring any other item for the display table.

Regards, and continued good turning,

Graham Lovett
