September 2008

Chairman's Comments.

We meet again with another well respected and recommended demonstrator Nick Arnull booked for our meeting of 5th. Oct. so soon after our meeting with Joey Richardson. I hope we have a good turn out to support the effort which goes into arranging these events! Please try and be there and of course visitors are always welcome.

With regards to the Chairman's Challenge, congratulations to the winner and places.

I feel I must apologise for the lack of clarity of the definition of the challenge piece --" I knew what I meant "-----despite the confusion I am assured the standard was good. From my perspective the encouragement to participate is the prime motivation. Have a go!! We will all get better and more confident.

Can I give a reminder that the School Fair will be coming round soon, items for the stall will be much appreciated, a chance to use up all those pieces of wood we just can't throw away! Looking forward to our demo. day 5th. Oct., see you there, regards Brian.

Chairman's Challenge Project, A piece showing a technique of decoration as demonstrated by Joey Richardson, either piercing, colouring, pyrography, texturing or any combination of these techniques. I hope that's clear enough, ----- have a go and good luck.

Brian.
